

## Selfish

Anth

Make up running down your cheek  
Don't know why you let me do this to you  
Too blind when you're in too deep  
Anyone can see I don't deserve you  
And I know I should let you leave  
But I don't wanna see nobody with you  
I should let you go  
But I'm way too selfish

I can still remember when we first met  
I swear you fucking hit me like a train wreck  
And I don't know the words that can explain it  
All I know is we ain't been the same since, no  
Cus ever since I met you, I  
Swear I'm running out of all my lies  
And every single time I made you cry  
Lying to you saying we'll be fine  
We ain't fine

Cus first you tell me you love me  
And then you tell me you hate me  
And then you call me your problem  
And then you call me your baby  
And you were always trying to change me  
Now you hate how you made me  
Yeah, you hate how you made me  
Yeah, you hate how you made me

All I need is a chance  
And I will do anything for it  
Cus there ain't no one above you  
I fucking hope that you know it  
And just because I love you  
Doesn't mean I know how to show it  
I don't know how to show it  
Girl I wish I could show it

Make up running down your cheek  
Don't know why you let me do this to you  
Too blind when you're in too deep  
Anyone can see I don't deserve you  
And I know I should let you leave  
But I don't wanna see nobody with you  
I should let you go  
But I'm way too selfish

Tell me what you're crying before  
You say things ain't the same no more  
You know that we've been here before  
Been here before, no

I know you find it hard to let go  
And you deserve much better but we both know  
That both of us are way too scared to be alone  
You know you should leave but you still won't  
No, no

Cus even when you do nothing  
Girl I still turn it to something  
You say I'm too busy fucking around  
Just drinking and clubbing  
And if I'm really in love with you  
I would stop with the frontin'  
I would stop with the frontin'  
I would stop with the frontin'

All I need is a chance and I will do anything for it  
Cus there ain't no one above you  
I fucking hope that you know it  
And just because I love you  
Doesn't mean I know how to show it  
I don't know how to show it  
Girl I wish I could show it

Make up running down your cheek  
Don't know why you let me do this to you  
Too blind when you're in too deep  
Anyone can see I don't deserve you  
And I know I should let you leave  
But I don't wanna see nobody with you  
I should let you go  
But I'm way too selfish
