

Take It Off

Anth

What it is girl?
What it do?
Couldn't help but, notice you
Said she on break, from school
Taking class up in NYU
That's wassup girl, that's cool
Got a friend that go too
Wanna talk more? I do
So jump in the cab to my crib we roll through then...
God damn, god damn
I love it when everything go to plan
But one thing that I can't understand
Is how a girl like you don't gotta man?
Well tonight girl it's me and you
A lot of bottles, you can pick and choose
Tellin' me that she can't stay the night?
Bet she stays for the morning news
So tell me what you like, girl tell me what you like
Ooo girl tell me all about you
Tell me about the people you know
The places you've been
And the things that you really wanna do
'Cus if you wanna talk, we can talk
I don't really mind, I'm amazing at conversating too
But then you look back and you ask
"What you really wanna do?
And I simply reply, "you"

No, I don't want your love
No, I don't want your trust
Your body on my body, girl that's all I'm thinking of
Girl I know your type, don't act like you innocent
That tight dress, high heels, girl just take it off
Just take it off
Take it off

Now hush little lady don't be shy
I'm gon' give you everything you want tonight
And I won't stop we can go all night
And give you something that you gon' remember me by

Give it all, give it all
Don't hold back girl I want it all
Me and you on the bed, on the floor
And we gonna make a movie girl tonight you a star
Ha, and when I took that off
Body so blessed, my god, my god
Had the kind of body made me drop to all fours
And have me sayin' "hallelujah thank you Lord!"
'Cus I love the way that we rock (rock)
Love the way that we roll (roll)
Love the way that sex for days
And rock the bed like Emily Rose
So tell me what you like, girl tell me what you like
Ooo girl tell me all about you
Tell me about the people you know
The places you've been

And the things that you really wanna do
'Cus if you wanna talk, we can talk
I don't really mind, I'm amazing at conversating too
But then you look back and you ask
"What you really wanna do?
And I simply reply, "you"

No, I don't want your love
No, I don't want your trust
Your body on my body, girl that's all I'm thinking of
Girl I know your type, don't act like you innocent
That tight dress, high heels, girl just take it off
Just take it off
Take it off
