

# All We Ever Need

Anthem Lights

Do you got a hole in your heart  
Feel like you're falling apart  
Did you forget how to breathe

Gotta go back to the start  
So you can find who you are  
I know it's hard to believe  
It's even harder to see that

This is just a season God must have a reason  
Take it in stride  
That's what my mama said  
Baby don't hang your head

Do you know what happened To the boy  
Who got everything he ever wanted  
He never grew up  
Cause it was never enough  
How could anybody know joy  
Without the company of disappointment  
In a world that's got everything  
If I could tell that boy anything  
All we ever need is you  
All we ever need is you God  
All we ever need is you

I know you're tired and you're lonely  
All of your dreams moving slowly  
Feeling like you are the only  
One getting lost in the sea  
When reality is

Struggle makes ya stronger  
Last a little longer  
This is just life  
That's what my father said  
Son don't lose your head

Do you know what happened To the girl  
Who got everything she ever wanted  
She never felt loved  
Cause it was never enough  
How could anybody know joy  
Without the company of disappointment  
In a world that's got everything  
If I could tell the girl anything  
All we ever need is you  
All we ever need is you God  
All we ever need is you

I know that heart is heavy  
He's waiting if you're ready  
To Give up control  
Just let it go  
I know you're tired of fighting  
Don't lose that hope inside  
He won't let you go

All we ever need is you  
All we ever need is you God  
All we ever need is you
