

Everything Will Change

Anthem Lights

Take those boots off your shelf
Wipe that dust off yourself
Even if you've been through hell, you're back
It's time to separate the men from the boys
And the women from the girls
And the tools from the toys
Even if your'e freaking our, just relax
Hey, before it gets too late
Before the night is over
Before the worlds awake
Everything will change
Back when it used to hurt
Took you a little while to just to find the words
Losing well it sometime burns
But you keep moving on
We got to push on like you're leading a nation
Go to make the best out of this situation
Get your hand up like it's a celebration
And you keep moving on
Hey, Before it gets too late
Before the night is over
Before the worlds awake
Everything will change
Hey, I feel it coming on
It started like a fire
Tonight you lit the flame
Everything will change
(Ohooooohohoh)
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh)
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh)
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh)
You can talk the talk-talk, but you can't walk the walk-walk
Take those boots off your shelf
Wipe that dust off yourself
Even if you've been through hell, you're back
Hey, Before it gets too late
Before the night is over
Before the worlds awake
Everything will change
Hey, I feel it coming on
It started like a fire
Tonight you lit the flame
Everything will change
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh)
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh) Everything changes, That happens in stages
You can talk the talk-talk, but you can't walk the walk-walk
(Ohooooohohoh) We all have out stages, Just start turning pages
You can talk the talk-talk, but you can't walk the walk-walk
