

Taylor Swift Mash-Up

Anthem Lights

We were both young when I first saw you
I close my eyes and the flashback starts
I'm standing there on a balcony in summer air
See the lights, see the party the ball gowns
See you make your way through the crowd
And say hello
Little did I know

That I was Romeo I was throwing pebbles
And my daddy said stay away from Juliet
I was crying on the staircase
Begging you please don't go
Cause you belong with me

If you could see that I'm the one who understand you
Been here all along so why can't you see
You belong with me
Standing by waiting at your back door
All this time how could you not know baby
You belong with me
You belong with me

I'm so glad you made time to see me
How's life, tell me how's your family
I haven't seen them in a while
You've been good, busier than ever
Small talk, work and the weather
Your guard is up, and I know why

Because the last time you saw me
Still burned in the back of your mind
You gave me roses and I left them there to die

So this is me swallowing my pride
Standing in front of you saying I'm sorry for that night
And I go back to December all the time
It turns our freedom ain't nothing but missing you
Wishing I'd realised what I had when you were mine
I go back to December all the time

Someday, I'll be living in a big old city,
And all you're ever gonna be is mean.
Someday, I'll be big enough so you can't hit me,
And all you're ever gonna be is mean
Why you gotta be so mean?

Don't you worry your pretty little mind
People throw rocks at things that shine
And life makes love look hard
Why are you gonna be so high
The stakes are high
The waters rough
This love is

We are never ever ever getting back together
We are never ever ever getting back together
I know you'll were trouble when you walked in

Shame on me now I..
Threw me to places that I've never been

I know you'll were trouble when you walked in
Shame on me now I..
Threw me to places that I've never been
I'm feeling twenty two, two, two

Losing her was blue, like I'd never known
Missing her was dark grey, all alone
Forgetting her was like trying to know
Somebody you never met
But loving her was red
Loving her was red
So red x 3
