

## A Message From Frank

**Anthony Amorim**

This album is full of bops  
Seriously this thing has everything  
You've got your pop punk, you've got your emo songs to cry to  
Your bussy has never been bopped so hard  
Your bussy is being burst into outer space  
Where bussies don't even exist  
Now all we need is one big finishing act  
I'm thinking start off with a soft guitar  
And let it build until you get to a...  
Oh, is that it? Has it started?  
Hell yeah!
