

Silver Lining

Anthony Amorim

And they say this is it
These are the best days of your life
And I don't know how much of that is true
But when I'm right here next to you
Everything's alright and it's different but I like it
When how I feel is constant and I'm no longer haunted
By my past or its disguises
The mask I used to hide in
And I don't want to fight it now

And I don't wanna know
If the future is bright or dark
Together we can make it through
All I see is me and you
And everything feels so brand new
And I'm changing
No more same things I've been through before
Out with the heartbreaks and bad days
Doors slammed in my face to
Make room
For you
Your my new beginning
And everyday's a day I'm winning when your by my side
No more pretending and never ending days of joy
And no more artificial smiles
And no more moments filled with doubt
And we don't know where we are going
But we've got time to figure it all out
You're the silver lining on my clouds

And who cares about what we're supposed to do
I just wanna be here close to you
Feel your warmth
You're the voice that gets me out of bed
I'd rather be with you instead
Never separate, I never would've guessed it
That you choose me to mess with
And soon become the best thing in my life
Don't think twice, close your eyes
Take that dive

You're my new beginning
And everyday's a day I'm winning when your by my side
No more pretending, and never ending days of joy
And no more artificial smiles
And no more moments filled with doubt
And we don't know where we are going
But we've got time to figure it all out
You're the silver lining on my clouds

I hope you don't forget the way we make each other feel
The weight of the world just isn't real and there's just you and I
Hand and hand as days go by
You never have to ask me why
I'll always let you know how much you mean to me
The title that you keep
The only perfect thing I'll ever have hands down

Know this now
You're the silver lining on my clouds

You're the silver lining on my clouds
