I and I defend the down pressed is a muss  
In a need I and I nuh fight nor fuss  
Co' everything them dem say them rightful own belong to us  
My fuddah done tell I and I everything shall fall to I and I is a mus

So Babylon set the livity, everyday anudda one bite the duss  
My Lawd

You don't have to say you are sorry  
For all the wrongs that you have done  
I don't wanna hear a sad story  
Cuz the damage already done  
Oh the damage already done

Broken bones and wounds need tender repair  
Hang on brother man don't despair (Hold on)  
Although we forgive  
Seventimes seven  
Still the damage already done  
So much damage already done  
Stop and listen a while to meditation style  
Going straight to your mind through ya wicked and wile  
Only way you can deal with this vibes is to free up ya soul and mind  
Yagga Yagga Yagga Yagga Yoi

You don't have to say you are sorry  
For all the wrongs that you have done  
I don't wanna hear a sad story  
Cuz the damage already done

Oh the damage already done  
Everybody wants their peace of mind  
Trying to justify how they deal with mankind  
Sometimes I wonder how they sleep at night time  
When all the damage already done  
Oh the damage already done  
Stop and listen a while to meditation style  
Going straight to your mind through ya wicked and wile  
Only way you can deal with this vibes is to free up ya soul and mind  
Yagga Yagga Yagga Yagga Yoi

You don't have to say you are sorry  
For all the wrongs that you have done  
I don't wanna hear a sad story  
Cuz the damage already done  
Oh the damage already done
