

2econd Wind

Anthony Brown & group therAPy

Oooh

I know I can do all things through Christ that strengthens me
But right now Lord I feel weak so more of You must be what I need
I know the race does not depend on the swift nor on the strong
On the one who can endure so give me grace Lord to just hold on

Oooh

You know in this live I live
I've had my share of ups and downs
But there's no way You brought me here
Just to leave, to leave me now

So breathe (breathe on me) oooh (restore me)
Revive (revive me) come alive (come alive in me)
When I've (when I've done all) done all (that I can)
Lord I (Lord I need you to hold my hand)
Though I am (though I am tired) I won't (I won't give in)
I just need (I just need) a second wind (a second wind)

So I'm asking You breathe (breathe on me)
I'm asking you to restore me (restore me)
Asking You to revive me (revive me)
Lord come alive (come alive) come alive in (in me)
When I've done all (when I've done all) that I can (that I can)
Lord I need You (Lord I need You) to hold my hand (to hold my hand)
Though I am tired (though I am tired) I won't (I won't give in)
I just (I just need) a second wind (a second wind)

Come on every promise (every promise)
Every promise of Your word (of Your word)
Is yay (is yay and amen)
You've done this (You've done this before so I know) so I know (it can happen again)

When I've done all that I can Lord I need you (Lord I need You)
To hold my hand (to hold my hand)
Though I am (though I am tired) I won't give in (I won't give in)
I just need (I just need) a second wind (a second wind)

If You breathe on me I win again (yessir say)
I decree, this is my season of a second wind (ooooh)
(If You speak to me) Lord if You speak to me I'll win again (I'll win again)
Give me the words to go on
(I believe) this is my season (this is my season of a second wind)
Of a second wind
Come on let's take this thing a little higher
Oh

If You breathe (breathe on me) I'll win again (I'll win again)
Yessir
Blow in my direction
(I decree) I know You're able to do it
(This is my season) You did it before You can do it again (of a second wind)
(If You speak to me I'll win again) Oh oh oh
(I believe this is my season of a second wind)

I wanna encourage somebody this is Your season of a second wind
(Second wind) the race is not given to the swift nor the strong but to him that endureth
(Second wind) You gotta hang on, you gotta be strong, God is getting ready
(Second wind) He's getting ready to blow in your direction
(Second wind) oh I believe You, if You did it before
(Second wind) You can do it again; somebody is getting ready to get sudden strength
(Second wind) He's about to give you new strength
(Second wind) Yeah, yeah, yeah
(Second wind) I don't care what the devil says, but you're about to win, yes sir
(Second wind) God is about to give you your victory, yeah, yeah, yeah
(Second wind) oh oh oh oh oh oh
(Yeah second wind, yeah second wind)
You got it
You got it
You got it
You got it
You got it
You got it
You got it
You got it
You got it
You've got a second wind; God is getting ready to give you sudden strength

When I've done all that I can Lord I need you to hold my hand
Though I am tired I won't give in I just need a second wind

Somebody say second wind blow on me
I said you're getting ready to have a second wind
I know it doesn't look like it
I know you can't feel it
But God is getting ready to blow in your direction
I said God is getting ready to blow in your direction
You ought to grab your neighbor by the hand
Come here Anthony
Grab somebody by the hand
Grab somebody by the hand
And on the count of three
I want you to pull your neighbor
Why are you telling me to pull my neighbor
This is what God said "when you pull your neighbor they're not just gonna feel a second wind"
But God is getting ready to give them sudden strength
Look at somebody and say you're about to get sudden strength
One, two, three pull 'em and say sudden strength
Welcome to your season of a second wind
The devil can't kill what God wants alive
The devil can't kill what God wants alive
That's the reason you're not dead yet
Because God is getting ready to give you a second wind
Somebody shout hallelujah, somebody shout glory
Throw your head back and shout yeah
Be not weary in well doing
