When you can't turn to anyone around you  
Don't forget to look up

I know it seems like the rain just won't end  
Let me reassure you that it will  
You try to be strong and keep it all in  
But inside you wish someone knew what you feel

Let me remind you  
We have a friend in Jesus  
And when we need Him  
We lift our hands and say

We need Your help  
You are our help  
And we believe that  
You're sending help  
We need Your help  
You are our help  
And we believe that  
You're sending help

You've never left us  
And You won't leave us now  
Thank you

So when the load gets too heavy to bear  
And it seems life won't treat you fair  
There is a place where you can cast your cares  
Take it to Him and leave it there

Let me remind you  
We have a friend in Jesus  
And when we need Him  
We lift our hands and say

We need Your help  
You are our help  
And we believe that  
You're sending help  
We need Your help  
You are our help  
And we believe that  
You're sending help

Let me remind you  
We have a friend in Jesus  
And when we need Him  
We lift our hands and say

We need Your help  
You are our help  
And we believe that  
You're sending help  
We need Your help  
You are our help  
And we believe that

You are our

Help in time of trouble  
The way out of no way  
Peace like a river  
Joy on the darkest day  
Strength to complete it  
We won't be defeated  
Just when we need Him we look up and say

We need Your help  
You are our help  
And we believe that  
You're sending help  
We need Your help  
You are our help  
And we believe that

When God steps in, everything changes, get ready  
Help is on the way  
I know it seems like it's been too long, but hold on 'cause  
Help is on the way  
I know it feels like your back's against the wall  
But hold on, 'cause  
Help is on the way  
You've come too far to give up now  
I need you to hold on, 'cause  
Help is on the way  
Find somebody, tell them look up

Look up  
Joy is on the way  
I know you thought you would never smile again  
But I tell you, joy in the way  
That joy you been waiting  
Peace is on the way  
You've been crying long enough  
And it's time for some peace now  
In the name of Jesus, look up

Healing's on the way  
Every sickness bows to him  
Every disease bows to him  
Healing's on the way  
Look up  
Peace is on the way  
You've been pushing and crying  
And pushing and trying  
Peace is on the way

Look up  
Help is on the way  
Joy is on the way  
Peace is on the way  
Healing's on the way

Look up  
Yeah  
Help is on the way  
Yeah

Help is on the way  
Joy is on the way  
Peace is on the way  
Healing's on the way

Oh, Lord, You're our help in time of trouble  
The way out of no way  
Peace like a river  
And joy on the darkest day  
Strength to complete it  
We won't be defeated  
Just when we need Him we look up and say

We need Your help  
You are our help  
And we believe that  
You're sending help  
We need Your help  
You are our help  
And we believe that  
You're sending help

So don't you give up, God is sending help
