

I Refuse

Anthony Brown & group therAPy

What I feel - my problems are great
What I know - my God is greater

I refuse
To believe
That my troubles or my problems
Are bigger or greater or stronger
Than my God

I refuse
To believe
That my troubles or my problems
Are bigger or greater or stronger
Than my God

Every sickness, every disease
Every danger, seen and unseen
Every trial and every test
The enemy can try his best
But he must bow at the name of Jesus
He must bow at the name of Jesus

Every sickness, every disease
Every danger, seen and unseen
Every trial and every test
The enemy can try his best
But he must bow at the name of Jesus
He must bow at the name of Jesus

By faith we believe
We claim and receive
We won't be the same
When we call on your name
Every time we sing
We believe something changes
So we stand and agree
We declare and we speak

Sickness, release us
You must bow at the name of Jesus
Worry, release us
You must bow at the name of Jesus
Trouble, release us
You must bow at the name of Jesus
Struggle, release us
You must bow at the name of Jesus
Depression, release us
You must bow at the name of Jesus
Confusion, release us
You must bow at the name of Jesus
You must bow at the name of Jesus
You must bow at the name of Jesus
At the name of Jesus
At the name of Jesus

I refuse
To believe

That my trouble and my problems
Are bigger or greater or stronger
Than my God
