

It's amazing what you think about right before you quit  
I thought about my childhood, I can still hear my dad asking me  
and my older brother  
Okay Heber and Anthony what do you want to be when you grow up?  
Well I'm going to be a Pastor just like you  
Hahaha, just like me huh? Okay what about you Anthony?  
I'm going to be a singer just like Michael Jackson  
Just like Michael Jackson?  
Yeah  
Okay, well you can be anything you want to be  
My dad always told me and your aunts and uncles that...  
We know, we know  
If you put something in the service, you'll get something out o  
f the service  
If you put something into life, you'll get something out of lif  
e  
That's right, the hand of God is on your life  
You're not just anybody, you're a child of the King  
A child of the King?  
A child of the King  
That's cool  
Yeah, God has big plans for you  
Big plans for me, I bet you quitting wasn't one of them  
I do get tired and some of you are tired  
But you cannot quit, there are generations behind you that are  
counting on you  
They're counting on you and God's hand is on you  
And when God's hand is upon you there's nothing that the enemy  
can do  
It's already done, you've already won.
