

I Want You

Anthony Callea

Oh yeah
The magic's there, it's never felt so right
There's nothing better than you by my side
How did I find you, sometimes fate is so kind
Two hearts connected, we are intertwined
Subconscious minds
Displaying omens
Just waiting for a sign

I want you
That's all I know
So hold me close
And don't let go
I want you
That's all I know
So hold me close
Don't ever let go
I want you

Let's make it special, make it last all night
Stay in this moment till the morning light
Don't have to worry, no such thing as time
I'll give you kisses that are so sublime
Subconscious minds
Displaying omens
Just waiting for a sign

I want you
That's all I know
So hold me close
And don't let go
I want you
That's all I know
So hold me close
Don't ever let go
I want you

Well I found out the best things in life are free
And I find out you can live out a dream
I want to tell you that you're all I need and more

I want you
That's all I know
So hold me close
And don't let go
I want you
That's all I know
So hold me close
Don't ever let go
I want you
