

Amber

Anthony David

Brainstorm, take me away from the norm
I got to tell you somethin'
This phenomenon, I had to write it in a song
And it goes like

Whoa, amber is the color of your energy
Whoa, shades of gold displayed naturally
You oughta know what brings me here, oh
You glide through my head, blind to fear
And I know why
Whoa, amber is the color of your energy
Whoa, shades of gold displayed naturally

Whoa, amber is the color of your energy
Whoa, shades of gold displayed naturally

You live too far away
Your voice rings like a bell anyway
Don't give up your independence
Unless it feels so right
Nothin' good comes easily
Sometimes you've got to fight

Whoa, amber is the color of your energy
Whoa, shades of gold displayed naturally
Launched a thousand ships through my heart, so easy
Still, it's fine from afar
And I know ho

Whoa, brainstorm, take me away from the norm
Whoa, I got to tell you somethin'
