

Sho Nuff

Anthony David

I want you to know, that you're beautiful
The most valuable thing in this world to me is you, girl
You're my life support, and I just can't afford
To spend one day one day of our lives out of ya favor

But when you're a dream to me, a queen to me
I'm so happy, I'm so thankful that you came into my life
And I wanna give to you, my heart and soul and earthly treasure
If you give me half a chance, I'll show you I'm all the man you
need

Sho nuff, sho nuff
When I'm with you life is like a dance
And I just wanna live inside of yo' rhythm
Sho nuff, sho nuff (so much love)
Everything, everything
Everything to me

I spend my life, gettin' ready for you
And heaven knows I still got shit to get together
Patience and time, every day is new
If we could take it step-by-step I'll keep steppin' to you

And I'll do it all for you, I'll change my ways
I'm not tryin' to blow this thing, it's such a blessin' to my l
ife
Mornin' I thank God for you, you truly are a ray of sunshine
You fill out all the cloudy days I just can't say it any other
way

Sho nuff, sho nuff
When I'm with you life is like a dance
And I just wanna live inside of yo' rhythm
Sho nuff, sho nuff (yeah, yeah)
Everything, everything
Everything little thing to me come on
