

# The Powerful Now

Anthony David

I'm higher than the clouds  
There's no other place I'd rather be  
Present in the now  
It's the time that's real to me

'Cause is gone (and the future has yet to come)  
If you think too long (time has already moved on)  
Liberated from my thoughts (lookin' for rest and awareness)  
So relax and allow it to be, 'cause this is

This is, this is, this is, this is, this is  
The one and only moment that matters  
This is, this is, this is, this is, this is  
The most powerful now

Perspective from above  
I'm existin' in a state of flow  
Walkin' in love  
There's no limit to the depths you can go

The is gone (and the future has yet to come)  
If you think too long (time has already moved on)  
Liberated from my thoughts (lookin' for rest and awareness)  
So relax and allow it to be, 'cause this is

This is, this is, this is, this is, this is  
The one and only moment that matters  
This is, this is, this is, this is, this is  
The most powerful now, ay this is  
This is, this is, this is, this is  
The one and only moment that matters  
This is, this is, this is, this is, this is  
The most powerful now

Oh, ooh, hoo  
Oh, ooh, hoo  
Oh, ooh, woo, hoo, ooh  
Hoo, ooh, hoo, this is

This is, this is, this is, this is, this is  
The one and only moment that matters  
This is, this is, this is, this is, this is  
The most powerful now

This is the moment (moment)  
The moment (moment)  
The only moment (moment)  
Powerful now  
This is the moment (moment)
