

# Before You

Anthony Evans

Before you  
I was always falling  
Sometimes even crawling  
With nothing to hold on to  
Before you  
I was searching for something  
To make my life worth living  
But nothing could satisfy

[Chorus:]  
Before you  
Standing in your glory  
I just want to thank you  
For all you've done for me  
Before you  
I offer you my worship  
Now I can stand forgiven and free  
Cause I'm not the man that I used to be

Before you  
I'm humbled by your mercy  
Staggered by your beauty  
Honored by your love for me  
Before you  
The angels raise their anthem  
And I will gladly join them  
In lifting up my praise

[Chorus]

Before you
