

Even More

Anthony Evans

Why does it take blue skies that turn to gray
Before I have something to tell You about
I'm gonna change the way that I pray
And turn it inside out

So now when I say I need You
It's not the way it was before
Your glory became what my heart is beating for
I need You even more, yeah

Sometimes it seems, I'm serving You just for me
Sometimes I'm blinded by the things that I think I need
Time after time You opened my eyes
Then take them off of me

So now when I say I need You
It's not the way it was before
Your glory became what my heart is beating for

All my own desires
They seem to fade away
In the power of the moment
When I say
(I need You)

When I say I need You
It's not the way it was before
Your glory became what my heart is beating for

So now when I say I need You
It's not the way it was before
Your glory became what my heart is beating for
I need You even more
I need You even more

Why does it take blue skies that turn to gray
