

# Everything Changes

Anthony Evans

There is always something more, and I think I want it  
What I'm looking for, and I almost got it  
It's never enough, no matter how I try  
Why is my heart never satisfied?

Everything changes (yeah, yeah, yeah)  
When I say thank You (ou-ou-ouu)  
Everything changes (yeah, yeah, yeah)  
When I decide to (ou-ou-ouu)

And when I think about Your love (love, love, love)  
Fills all my emptiness up (up, up, up)  
Everything changes (yeah, yeah, yeah)  
When I say thank You, ou-ouu

Every step ahead, and I miss the moment  
'Cause I'm always obsessed, about where I'm going  
Sometimes I wished I knew, what I was trying to [hold?]  
Grateful heart, is enough for You

Everything changes (yeah, yeah, yeah)  
When I say thank You (ou-ou-ouu)  
Everything changes (yeah, yeah, yeah)

When I decide to (ou-ou-ouu)

And when I think about Your love (love, ove, love)  
Fills all my emptiness up (up, up, up)  
Everything changes (yeah, yeah, yeah)  
When I say thank You

Thank you for Your peace  
And the hope You've given me  
When I think about Your love  
I want to say! thank You

Thank you for Your peace  
And the hope You've given me  
When I think about Your love  
I want to say! I got to say!

Everything changes (yeah, yeah, yeah)  
When I say thank You (ou-ou-ouu)  
Everything changes (yeah, yeah, yeah)  
When I decide to {when I decide to}

And when I think about Your love, {everytime I think about Your love}  
Fills all my emptiness up {fills my emptiness up}

Yeah! (yeah, yeah, yeah)  
When I say thank You-ou-ou-ouu...
