

# Everything

Anthony Evans

This song in my heart  
I wanna sing it for you  
Let the melody be more than sweet  
But the way I say thank you  
For second chances  
Grace and compassion  
And for your love in spite of all  
The wrong I seem to do  
What more can I say I appreciate the  
Way you care for me I'm trusting you

Take everything take everything  
I give my life as a sacrifice  
My offering is all of me  
With my hands raised my heart sings  
Take everything, everything, everything

When I open my eyes  
With the dawn of a brand new day  
I'll remember your new mercies  
And I'll give you praise  
For your goodness and kindness  
When I'm unfaithful you remain the  
One thing that won't change  
What more can I say I appreciate the  
Way care I'm trusting you

Everything [repeat]
