Been thinking bout the choices I make
Do I listen to your voice Lord or go my own way
Will have more excuses today
or will I give you my life so you'll

[Chorus:]

Use me and through me your name will be blessed I want to give it and live it For you and nothing less Don't wanna hide I've decided to give you my best Make me fearless

I want to show the world who you are Following your footsteps no matter how far This is the prayer of my heart So now I give you my life so you'll

[Chorus]

I am unafraid
I am unashamed
Fearless I've been made
I'll never be the same

[Chorus 2X]
