

Found

Anthony Evans

I never wanted to risk it
'Cause I knew we would crash
How much longer can I do this?
Walking on broken glass
And it cut too deep
You watched me bleed
I knew there was no going back

I didn't know what it cost
I didn't know what I'd lost
In the silence the truth, became loud loud loud
Like the depths of the sea
You were swallowing me
I thought losin' you I'd be lost
But instead I'm found

Oh-oh-oh, I'm found
Oh-oh-oh, I thought losin' you I'd be lost
But instead I'm found

We stumbled into the darkness
Thinkin' that we'd found the light
Strange thing is when we were dyin'
I started comin' to life
And the sun broke through
I prayed for you
The answer was sayin' goodbye

I didn't know what it cost
I didn't know what I'd lost
In the silence the truth, became loud loud loud
Like the depths of the sea
You were swallowing me
I thought losin' you I'd be lost
But instead I'm found

Oh-oh-oh, I'm found (Oh-oh-oh)
Oh-oh-oh, I thought losin' you I'd be lost
But instead I'm found

Yeah, I found what I wanted
I finally uncovered
I was losin' myself
But that was somebody else

I found what I wanted
I finally uncovered
I was losin' myself
But that was somebody else

I didn't know what it cost (Ooh)
I didn't know what I'd lost (Ooh)
In the silence the truth, became loud loud loud
(It became so loud)
Like the depths of the sea
You were swallowing me
I thought losin' you I'd be lost

(I thought I'd be lost)
But instead I'm found

Oh-oh-oh, I'm found (Oh-oh-oh)
Oh-oh-oh, I thought losin' you I'd be lost
But instead I'm found
Oh-oh-oh, I'm found
Oh-oh-oh, I thought losin' you I'd be lost
But instead I'm found

But instead I'm found (Oh-oh-oh)
But instead I'm found (Oh-oh-oh)
I thought losin' you I'd be lost
But instead I'm found
