

# Meaningless

Anthony Evans

Chasing a dream  
So many things  
Capture my affection  
Running ahead I've been a mess  
Loosing my perspective  
This is my obsession  
Always chasing the wind  
Left with nothing in the end

[Chorus:]  
It's meaningless without you  
Meaningless these treasures I possess  
Only you can satisfy  
Only you sustain my life  
Without you  
It's meaningless

Feeling you near  
It's coming clear  
You've got my attention  
Filling the void  
Killing the noise  
Focus my direction  
With intimate insistence  
You overwhelm my senses  
All I need is before me now

[Chorus]

I'm breathing but I can't survive  
I'm living but I'm not alive  
without You
