

My Desire

Anthony Evans

Is to seek You and rest in this house forever
To know You more and praise You come whatever
That's my Desire
To trust and fall deeper into your relentless love
Knowing that Your grace is enough
I will trust
You

I want more of You
Fill me up til I overflow
And the whole world knows

My pursuit
Is to passionately chase after you
With each breath I take get closer to
Closer to You

I Believe
That you will finish what You started here in me
I will cling to what you promise faithfully
Faithfully, faithfully
You

I want more of You
Fill me up til I overflow
And the whole world knows

You can create
Miracles out of mistakes
That's why I praise You
The Mender of my shattered yesterdays

It's You
I want more of You
Fill me up til I overflow
And the whole world knows

It's You
I want more of You
Fill me up til I overflow
And the whole world knows

It's You
I want more of You
Fill me up til I overflow
And the whole world knows

It's You
I want more of You
You
