

# You Will Remain

Anthony Evans

We live in the shadow of the almighty, almighty God  
Safe in the shelter of His love, His perfect love  
There's nothing to fear, our faith is our shield, Your mercy surrounds us, m  
mh  
We'll follow Your heart even into the dark, we stand on Your promise

A thousand may fall, I'll keep standing  
The storm rages on, I'm covered by You  
When life brings pain, You are my refuge I'm safe  
Though everything's changed

You will remain, You will remain  
You will remain, when life, it changes  
You will remain, You will remain  
You will remain, ooh

We trust in the God of our salvation, our salvation  
We put all of our confidence in Him, we trust in Him  
He holds back the seas, the captives are free, our God will deliver  
His word is our armor, nothing can harm us, we won't be afraid

A thousand may fall, I'll keep standing  
The storm rages on, I'm covered by You  
When life brings pain, You are my refuge I'm safe  
Though everything's changed

You will remain, You will remain  
You will remain, I know I'm safe  
You will remain, You will remain  
You will remain, when everything's changed

You're my refuge, my fortress  
God, your angels have been ordered  
My provider, protection  
My healer, my defender  
You're my refuge, my fortress  
God Your angels have been ordered  
My provider, protection  
My healer, my defender

A thousand may fall, I'll keep standing  
The storm rages on, I'm covered by You  
When life brings pain, You are my refuge I'm safe  
Though everything's changed

You will remain  
You will remain, I know you won't change  
You will remain, Your word will stay the same  
You will remain, You will remain

Wherever I go, wherever I go  
I'm safe in your shelter wherever I go  
In the unknown, one thing I know  
I'm safe in your shelter wherever I go

You will remain  
Wherever I go, wherever I go

You will remain  
I'm safe in your shelter wherever I go  
You will remain  
In the unknown, one thing I know  
I'm safe in your shelter wherever I go

You will remain, You will remain  
You will remain
