

2022

Anthony Green

I'm not afraid to try
Don't wanna see his face
Be someone that I'm not
Chew on the iron

If I can't make it 'til 2022
At least we'll see how long I can swim
Sometimes wish he hadn't found me on the night
I tried to disappear, all at once

Our timing wasn't right
Don't wanna fill the space
With something that I'm not
Chew on the iron

If I can't make it 'til 2022
'Least we'll see how much I can take
Sometimes wish he had just let me drift away
Free from anything, all at once

If I can't make it 'til 2022
'Least we'll see how much I can take
Sometimes wish he had just let me drift away
Free from everything, all at once
