

# I'm Not Holding You Back

Anthony Green

How will we get past our last regret  
Ohh-ohh-ohoh  
Doesn't have to be the end we could last  
Sorry doesn't mean a thing I won't be back  
How will we get to laugh our lives away  
Ohh-ohh-ohoh  
Says a lot about a man, holding you  
Never had a place to be  
Why won't it laugh (why won't you laugh)

I hear you say you won't let go first  
I wish I believed you when  
(I'm not holding you back)  
You know, please don't  
(I'm not holding you back)  
Let me change your mind  
I'll do anything to stay

Time spent we gaze upon our last stand  
Ohh-ohh-ohoh  
They could never understand  
We could make, Never had a lot to say  
I won't be back

I hear you say you won't let go first  
I wish I believed you when  
(I'm not holding you back)  
You know, please don't  
(I'm not holding you back)  
Let me change your mind  
I'll do anything to stay

I'm not holding you back  
I'm not holding you back

I hear you say you won't let go first  
I wish I believed you when  
(I'm not holding you back)  
You know, please don't  
(I'm not holding you back)  
Let me change your mind  
I'll do anything to stay
