

# It's Only You

Anthony Hamilton

It's only you that I'm thinkin' of  
It's only you that I'm thinkin' of

It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of  
Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one

Many nights go by, that I just think about you  
Lyin' there in your bed so all alone, uh-huh  
And I know you think about me, 'cause I can feel it in yo' soul  
There's no one else for me, baby, can take control, it's only you

It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of  
Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one

Tell what you're thinkin' of, are you lonely? Do you need me?  
I will be right by your side (I'm just that kind of guy)  
I will shower you with leather and a rainbow in the sky  
I'll create a paradise, for you and I, baby

Lonely nights I'll be there for you  
Givin' you the warmest of my heart (it's only you that-)  
Lonely days I'll be there for you  
Givin' you all that I have inside

It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of  
Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one  
It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of  
Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one  
It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of

Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one

Ay, mmm, now-now-na-na-now-now-now-now  
(It's only you that-)  
It's only you, nobody else, oh baby  
(It's only you that-)  
In the middle of the night, oh baby  
(It's only you that-)  
Yeah, heh, heh, it's only you, oh yeah

It's only you that I'm thinkin' of  
Just let me hold you, let me squeeze you  
Just shower you with all my love  
Girl, I know you are the one  
Just let me know what you're thinkin' of  
Can I hold you? Can I squeeze you?  
Just shower you with all my love  
Girl, I know you are the one
