Anthony Hamilton

It's gotten too late and I've exceeded the moments  
To make you stay, hey, baby  
I must've been a fool to run around and not once  
Stop to check on you, hey, baby

Now I lost my mind and I've given up the time  
That I could've shared with you  
And if I had my way, I would go down on my knees  
And ask my God to make you stay, oh

I will make you stay, baby  
(I'll make you stay)  
I will try everything  
I'll go down on my knees, baby  
(To make you stay)  
I will try everything

It's gotten too late  
I got caught on the wrong side and lost my way, hey, baby  
I stayed gone too long and never once had the time to  
Just pick up the phone and call you, girl

You see, see, now I drunk a few, I slept around on you  
I pity the fool who would do that to you  
Now I've lost your trust and I've embarrassed us  
I need somebody to pull me out this mess, oh baby

I will make you stay, baby, I'll do it, I'll do it, baby  
(I'll make you stay)  
I will try everything, say everything  
I'll go down on my knees, baby, I'll do, I'll do, I'll do, I'll do it  
(To make you stay)  
I will try everything

I'll give up everything  
You see I need you, baby

I will make you stay, baby, if you give it a chance, baby  
(I'll make you stay)  
I will try everything, I will do it, I'll do it for you  
I'll go down on my knees, baby, you see, I,  
I'll go down on my knees  
(To make you stay)  
I will try everything

It's getting too late, it's gotten too late  
Way too late
