

Special Kinda Love

Anthony Hamilton

You look so special, baby
I love it, yeah, oh
Ohhhhhhh, yeah, mmm

I wanna lay it down on the line
You're a special girl, ooh, you're oh so fine
Comin' through with the golden tone
The kind attention when she whispers on the telephone
I like your style and your grace
The things I'd do just to see your face
There's nothin' I won't do
To spend all my time with you, you're so special, baby

It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand

I love the things you do to me, my baby
Girl, I apologize for the people that go on to criticize
The judge and the jury didn't understand me
But I'm alright now
I give thanks to my God above
For sending me your precious love
And before I go to sleep
I pray for your love to keep, you're so special, baby

It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand

And I love the things that you do when we're alone
The way you hold me, baby
The way you talk to me, lady
There ain't nothing I won't do for your love, pretty baby, ooh
I love what you do, baby

It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
It's a special kind of love and they don't understand it
It's a special kind of love and they don't understand
