

# Alright

Anthony Ramos

Come and put your hand on my shoulder  
(On my shoulder)  
If you walk alone it'll feel so much longer  
(So much longer)  
I know I can't promise tomorrow it'll be over  
(It'll be over)  
But I know together we can be so much stronger

Cause we gon be alright, don't fall apart  
Cause we gon be alright, don't lose your heart  
We can make it through today  
There's a light inside to guide us  
One step further from afraid

Cause we gon be alright  
(We-)  
Alright  
(Gonna be-)  
Alright  
(We-)  
Alright  
(Gonna be-)  
Alright  
(We-)  
Alright  
(Gonna be-)  
Alright  
We gon be alright

Headlines got us feeling uneasy  
People all wrapped up in what they're neighbours believe in  
Ooo everybodys talking 'bout leaving  
Well I'm gon stay right here  
And pledge my allegiance

Cause we gon be alright, don't fall apart  
Cause we gon be alright, don't lose your heart  
We can make it through today  
There's a light inside to guide us  
One step further from afraid

We gon be alright  
(We-)  
Alri-  
(Gonna be-)  
Alright  
(We-)  
Alri-  
(Gonna be-)  
Alright

Oh cause my little sister she needs me  
She don't need no one saying what she can do  
Oh and my little brother believe me  
You can do anything you set your mind to

I don't have all the answers, but I've learnt a thing or two  
(Ooo)  
Oo yeah I've learnt a thing or two

And I know that we gon be alright don't fall apart  
Cause we gon be alright, don't lose you heart  
We can make it through today  
There's a light inside to guide us  
One step further from afraid

We gon be alri-
