

Auntie's Basement

Anthony Ramos

That shit right here is crazy
Oh my gosh
Here we go

Puttin' on all these clothes I don't wanna put on
Showin' up to this party real insecure
Yup, 'cause this ain't my scene but this is the dream
At least that's what my agent told me
You ain't never seen a party like this before
Oh no

Ooh-ooh
I guess I kinda like the vibe
Ooh-ooh
Everybody lookin' good and fly

But the paparazzi outside
All these wandering eyes
Folks be acting brand new
Like they really care about ya

Hell I swear I've had a better time
Than a sliced Corona lime
Cousin spinning drinks all night
In auntie basement

All this frizzy shit is fine
Buddy threw up in your eye
Swear I've had a better time
In auntie basement

Aunt Emily, she makes the drink (Heh)
And her man Herb, make chicken wing so good
Invite all the fam and bring all your friends
But don't show up with empty hands
This party I'm at couldn't be more different

Ooh-ooh
I guess I kinda like the vibe
Ooh-ooh
Everybody lookin' good and fly

Hell I swear I've had a better time
Than a sliced Corona lime
Cousin spinning drinks all night
In auntie basement

All this frizzy shit is fine
Buddy threw up in your eye
Swear I've had a better time
In auntie basement

Ooh-ooh
You think this a party?
You ain't seen a party
Ooh-ooh
Till you've seen the party

In auntie basement

Ooh-ooh

You think this a party?

You ain't seen a party

Ooh-ooh

Till you've seen the party

In auntie basement

Hell I swear I've had a better time

Than a sliced Corona lime

Cousin spinning drinks all night

In auntie basement (Hey)

All this frizzy shit is fine

Buddy threw up in your eye

Swear I've had a better time

In auntie basement

Ooh-ooh

You think this a party?

You ain't seen a party

Till you've seen the party

In auntie basement

Ooh-ooh

You think this a party?

You ain't seen a party

Till you've seen the party

In auntie basement

You think this a party?

You ain't seen a party

Till you've seen the party

In auntie basement

You think this a party?

You ain't seen a party

Till you've seen the party

In auntie basement
