I can't buy her, she got her own money
Designer bag, big house on the coast money
I pick up that she got her eyes on me
I don't know, know why
She lookin' like she don't need nobody, nobody

Fine girl, fine girl
What I do to deserve your time and attention?
My world, my world
Is movin' around your love and affection
I heard you say somethin' with your body
Makin' it so hard for me

Shawty wanna bless me (ay now, ay now)
Shawty feelin' sexy (ay now, ay now)
Could tell the way she dance on me (ay now, ay now)
Shawty wanna bless me
Blessings

Blessing blessing blessing for me
Blessing blessing blessing for me

She don't wanna talk anymore (uh-huh)
She know what she came here for (uh-huh)
She know when she walk in the door (uh-huh)
She got the look in her eyes
When she move it side to side
Yeah you don't know them hips don't lie
Caught that Carribean vibe

Fine girl, fine girl
What I do to deserve your time and attention?
My world, my world
Is movin' around your love and affection
I heard you say somethin' with your body
