

Control

Anthony Ramos

Yeah, oh-oooh
Ayy!

No I'd never see your type, type to change your life
Fucking with my head, hands around my neck
Got me seeing lights
I'm having premonitions when I'm deep in it
Here questioning my religion when you freak in it
Know you've got the upper hand
Your wish is my command
Doin' somethin' when you pushin' buttons
You got me on demand
I can't lie, it's official
I'm a slave for you
I got time, ain't no wishin'
Ooh, I'ma wait for

Whenever you call
If you want it
Yeah, you got it
I'm down for it all
I won't fight that
I know you like that
'Cause I like it when you

Take control
You don't need permission, baby
Take control
Anything you're wishin', shawty
Take control
Showing me positions I ain't even knew existed when you
Take control of me
Take control
You don't need permission, baby
Take control
Anything you're wishin', shawty
Take control
Showing me positions I ain't even knew existed when you
Take control of me (Take control of me)

You're looking in my eyes, yeah you're so connected (Ayy!)
That got me hypnotized, yeah them good genetics
Know that it's your world, we're just living in it
Hit me with the signal and I'll give it (Oh, yeah)
Catching bodies, never catching feelings
Swipe the AMEX at the Ritz, every Four Season
Now she on a private jet all just for a meeting
Fucking in your Gucci heels, that's what I've been dreaming

Take control
You don't need permission, baby
Take control
Anything you're wishin', shawty
Take control
Showing me positions I ain't even knew existed when you
Take control of me
Take control

You don't need permission, baby
Take control
Anything you're wishin', shawty
Take control
Showing me positions I ain't even knew existed when you
Take control of me

Whenever you call
If you want it
Yeah, you got it
I'm down for it all
I won't fight that
I know you like that
'Cause I like it when you

Take control (Bae)
You don't need permission, baby (Oh, yeah)
Take control (Oh)
Anything you're wishin', shawty
Take control (Aw, shawty)
Showing me positions I ain't even knew existed when you (Yeah, shawty, yeah,
shawty)
Take control of me (Take control)
Take control (Oh, yeah)
You don't need permission, baby (Permission, baby)
Take control
Anything you're wishin', shawty (You wishing, baby)
Take control
Showing me positions I ain't even knew existed when you
Take control of me

Oh, yeah
Take control of me
And take control of me
You take control of me
Yeah, you take control of me
(Take control of me)
Oh-oh, yeah
(Take control of me)
Yeah
