

# Nobody Else

Anthony Ramos

All night long, we're face-to-face  
Just us in this place  
When you dance like that, am I your man like that?  
Turn me on a hundred times  
When you take your time gettin' down like that  
If you're down, let's hit

I lay it all up on the table  
I could show you where my cards is at  
Make a play, I wanna be faithful  
You don't wanna change where my heart is at  
When I'm with you, I wanna lay low  
Do a lot of nothin' and all of that  
If you feel the same, baby, say so  
Say so, mm-mm-mm

Tell me really what you're thinkin'  
'Cause I can't think of nobody else  
Nobody else  
I don't wanna overthink it  
But I can't think of nobody else  
Nobody else  
Keep me waitin' patient, hangin' on  
Hangin' on for you  
So tell me really what you're thinkin'  
'Cause I can't think of nobody else  
Nobody else

You don't need my compliments  
Got that confidence that I like like that  
'Cause you fly like that  
Tried to play it up before  
But I'm an open door  
I'ma make this clear, make it crystal clear

I lay it all up on the table (Table)  
I could show you where my cards is at (Cards)  
Make a play, I wanna be faithful (Oh-oh)  
You don't wanna change where my heart is at (My heart is at)  
When I'm with you, I wanna lay low  
Do a lot of nothin' and all of that (All of that)  
If you feel the same, baby, say so (Say so)  
Say so, mm-mm-mm (Oh)

Tell me really what you're thinkin'  
'Cause I can't think of nobody else  
Nobody else  
I don't wanna overthink it  
But I can't think of nobody else  
Nobody else  
Keep me waitin' patient, hangin' on  
Hangin' on for you  
So tell me really what you're thinkin'  
'Cause I can't think of nobody else  
Nobody else

Oh, you got me hangin' on

Hangin' on, on for you  
Oh, you got me hangin' on  
Hangin' on, on for you, oh

Tell me really what you're thinkin' (Yeah)  
'Cause I can't think of nobody else  
Nobody else  
I don't wanna overthink it (Don't want to)  
But I can't think of nobody else  
Nobody else (Nobody, nobody else)  
Keep me waitin' patient, hangin' on (Patient so long)  
Hangin' on for you (Hangin' on for you)  
So tell me really what you're thinkin' (Tell me what you're thinkin')  
'Cause I can't think of nobody else (Nobody else)  
Nobody else (Nobody else, baby)

On, hangin' on  
Hangin' on  
On, hangin' on  
Hangin' on

Tell me really what you're thinkin'  
'Cause I can't think of nobody else  
Nobody else  
I don't wanna overthink it  
But I can't think of nobody else  
Nobody else
