

# Relationship

Anthony Ramos

Mm, yeah  
Look

You talking to me like you already own me  
Then you go and see your friends  
And tell him that he just a friend  
Then you say you're lonely  
You ask, "What you doing?"  
Tell me to come over  
This bed is better with ya in it

Then we get to kissing, then we get to touching  
Then we get to bumping real fast (She got real fine assets)  
Then we get to loving, then we get to passion  
Then we get to talking real deep like that

So, tell me how this ain't no relationship  
I just want to be the one you end up with  
Tell me how this ain't no relationship  
I just want to be the one you end up with

You got me confused  
By the swing in your mood  
First you want to hold my hand  
Then you say you're over it  
A few days have gone by  
I'm trying to get my heart right  
Then you get me out the blue  
Then say baby, I'm missing you-ooh-oooh

Then we get to kissing, then we get to touching  
Then we get to bumping real fast (She pull me right back, yeah)  
Then we get to loving, then we get to passion  
Then we get to talking real deep like that

So, tell me how this ain't no relationship  
I just want to be the one you end up with  
Tell me how this ain't no relationship  
I just want to be the one you end up with

Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship, oh  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship, oh  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship

Then we get to kissing, then we get to touching  
Then we get to bumping real fast (Real fast)  
Then we get to loving, then we get to passion  
Then we get to talking real deep like that (Ooh)

Tell me how this ain't no relationship (How this ain't no relationship)  
I just want to be the one you end up with (The one you end up with)  
Tell me how this ain't no relationship (Tell me how, tell me how)

I just want to be the one you end up with (The only one)

Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship, oh  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship (Oh, tell me how)  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship, oh (Yeah)  
Tell me, tell me how, tell me how  
Tell me, tell me how this ain't a relationship
