Say Less

Anthony Ramos

I know you mad at me
'Cause, baby, I ain't pull up to your city in a while (No)
The way you pressing me with questions, 90 to you
'Cause I'm gonna make it right
Red lights, I'm runnin' through
Rushing to get to you
Make up for lost time tonight
Let's make it worth your time

Ooh, you had enough of the distance so I came
I got what you need to numb the pain
Know what you want, baby

Just say less, less, less
Say less, less
Show me what you're feelin' tonight
What you're feelin' tonight
Just say less, less, less
Say less, less
Show me what you're feelin' tonight (Babe)
What you're feelin' tonight (Ooh)

Baby, I'm calling now, I'm at your door (Oh yeah)
Open it, pull me in, do what you want
Put it down like you never did before
Show me how you never needed me more
Still I remember how you like it rough (Yeah)
Dig your nails, say it's not enough
Oh, I love how you do it slow
Like you never want to let it go

Ooh, you had enough of the distance so I came (Oh)
I got what you need to numb the pain
Know what you want, baby

Just say less, less, less
Say less, less
Show me what you're feelin' tonight
What you're feelin' tonight
Just say less, less, less
Say less, less
Show me what you're feelin' tonight (Babe)
What you're feelin' tonight (Ooh)

I know you've been waiting, so girl, won't you take it?
Whisper in my ear, babe, "What's yours is mine"
(Say less, less, less
Say less, less) (Yeah, yeah)
I know you've been patient, you're so dedicated
Can tell by the way it just slip and slide
(Say less, less, less
Say less, less) (Oh yeah)

Just say less, less, less
Say less, less
Show me what you're feelin' tonight (Girl, just say less)
What you're feelin' tonight (Girl, just say less)

Just say less, less, less
Say less, less
Show me what you're feelin' tonight (Girl, just say less)
What you're feelin' tonight (Girl, just say less)

Just say less, less
Girl, just say less
Girl, just say less
Just say less, less
(Baby, what you're feelin', baby)
Girl, just say less
Girl, just say less
Say less

Just say less, less, less
Say less, less
Show me what you're feelin' tonight (Girl, just say less)
What you're feelin' tonight (Girl, just say less)
