

# Stop

Anthony Ramos

Sometimes I wish my life was like a photograph  
Double tap the good ones and just photoshop the bad  
Put them in my wallet, in my pocket, if I need 'em then I got 'em  
But life don't work like that  
Sometimes I feel like I'm in Nikes on a track  
Even when my feet are up my mind is runnin' fast  
When I'm home I get impatient, when I'm gone I kind of hate it  
'Cause my life works like that

Sunsets and open water  
Skies full of technicolour  
Beauty right in front of you  
There's so much to discover if you

Stop  
Breathe it in for the moment  
Stop  
Give it a minute and you'll own it  
Stop  
Only just begun  
Soon it'll be almost over so just  
Stop  
See what comes into focus  
Stop  
Kind of crazy what you'll notice  
Stop  
Like a setting sun  
Soon it'll be almost over

Stop  
Stop  
Stop  
Soon it'll be almost over

It's like I'm looking through the window of train  
But my visions blurry so it all just looks the same  
All the people and the places all the voices and the faces  
They all just stare right back

Long talks and cups of coffee  
Waking up and saying sorry  
Love is right in front of you  
We can finally see each other if we

Stop  
Breathe it in for the moment  
Stop  
Give it a minute and you'll own it  
Stop  
Only just begun  
Soon it'll be almost over so just  
Stop  
See what comes into focus  
Stop  
Kind of crazy what you'll notice  
Stop  
Like a setting sun

Soon it'll be almost over

Stop (Oh, yea)

Stop (Oh just stop)

Stop

Soon it'll be almost over

(La lalala)

When you love somebody

(La lalala)

When the moment hits

(La lalala)

When the music's playing

(Lalala)

And it goes like this

(La lalalalalala lalalalalalalalalala)

When you love somebody

When the moment hits

(La lalalalalala lalalalalalalalalala)

When the music's playin'

And it goes like this

(La lalalalalala lalalalalalalalalala)

Listen to the music, yea

Oh it's playin' in your ears

(La lalalalalala lalalalalalalalalala)

Oh playin' in your ears, if you

Stop

Breathe it in for the moment

Stop

Give it a minute and you'll own it

Stop

Only just begun

Soon it'll be almost over (Soon it'll be almost over)

So just stop

See what comes into focus

Stop

Kind of crazy what you'll notice (It's kinda crazy what you'll notice)

Stop

Like a setting sun

Soon it'll be almost over (Soon it'll be over)

(La lalalalalala lalalalalalalalalala)

Stop

Stop (Soon it'll be over, yea)

(La lalalalalala lalalalalalalalalala)

Stop

Soon it'll be almost over (Soon it'll be almost)

(La lalalalalala lalalalalalalalalala)

(La lalalalalala lalalalalalalalalala)

Soon it'll be almost over so just stop
