Anthony Russo

Tell me, is there something wrong?  
Is there something wrong?  
Tell me, is there something wrong?  
Is there something wrong?  
Tell me, is there something wrong?  
Is there something wrong?

I think I just lost my drink  
I been sippin' out the bottle like it's all for me  
Thank you, but there's nothing you can offer me  
I'm just looking for my person, but she's outta reach

They say something's wrong with me  
I say, "Nothing's wrong"  
Bad bitch on my arm with me, but she ain't the one  
Not the one for me, you the only one for me  
Maybe something's wrong with me, yeah

And now it's two a.m  
I'm up, all in my head  
Looking at all my friends choose up  
And I'm on my own

And they don't know what I'm thinking 'bout  
They don't know that I need you now  
And they don't know what I'm thinking 'bout  
They don't know that I need you now

Maybe I should walk it off  
I been sittin' by the speakers sippin', I ain't thinking sober thoughts  
Chick with me, she gon' take it off  
I been feelin' on her body, but I'm feelin' like I'm not enough

They say something's wrong with me  
Maybe something's wrong  
Bad bitch on my arm with me, but she ain't the one  
Not the one for me, you're the only one for me  
Maybe something's wrong with me  
Yeah, oh yeah

And now it's two a.m  
I'm up, all in my head  
Looking at all my friends choose her  
And I'm on my own

And they don't know what I'm thinking 'bout  
They don't know that I need you now  
You're the one that I'm thinking 'bout  
You're the one that I need now

Will you think of me? (will you think of me?)  
I'll wait to fall asleep (fall asleep, yeah)  
Wish you head was on my chest (chest)  
Left the window of his Jeep  
Yeah

And now it's two a.m

I'm up, all in my head  
Looking at all my friends choose her  
And I'm on my own

And they don't know what I'm thinking 'bout (thinking 'bout)  
They don't know that I need you now (I need you now)  
You're the one that I'm thinking 'bout  
You're the one that I need now

Tell me, is there something wrong?  
Is there something wrong?  
Tell me, is there something wrong?  
Is there something wrong?  
Tell me, is there something wrong?  
Is there something wrong?
