

Cobra

Anthony Russo

Ooh, aye, ooh, aye
I have been following your trail you don't hide it well
I should of played it safe kept my eye on you
But I didn't now your venom is in my bloodstream
You got me exposed and you dug deep

Cobra cobra
Cold blooded
No love
I let you in
Shed my skin
Cobra cobra
Cold blooded
No love
I let you in
Shed my skin

I should've never tried to act all cool
I should have never turned my back on you
This ain't what I thought of when I pictured you and me
I was hanging on the hope I had immunity
I thought I would be fine with thicker blood
I didn't see the way that you grew up
The fangs they were hidden in the back
The antidote I had has all been used up
You got me real bad yea
It's sad yeah
Said I couldn't be mad yeah
I'm mad yeah
Said I had understand
But I can't understand
How I fed you the truth
And you still bit the hand

Cobra cobra
Cold blooded
No love
I let you in
Shed my skin
Cobra cobra
Cold blooded
No love
I let you in
Shed my skin

Persian rug
Talk to my skin
I taste your last victim
On top of my lips
I smell the fear too
Someone's been here too
Someone's been near you
Someone's been touching on you
They've been feeling on you
Don't you fucking hide from me
If it wasn't for those eyes yeah, mesmerizing
Didn't think that you was violent, you was lying

I let you have a taste
Now I'm going pale in the face
What can I say?

Cobra cobra
Cold blooded
No love
I let you in
Shed my skin
Cobra cobra
Cold blooded
No love
I let you in
Shed my skin

You fall far you get a bigger scar
Love just don't exist in a wild heart
I feel the cold rushing to my toes
I guess this is how I go
You strangle my thoughts
But that's in your nature
It's instinct for you
So I cannot blame ya
Domesticate you
Survival of the fittest
Nothing could've saved me

Cobra cobra
Cold blooded
No love
I let you in
Shed my skin
Cobra cobra
Cold blooded
No love
I let you in
Shed my skin

Ooh
Aye
Ooh aye
