

Love

Anthony Russo

Send a text, call me
Talk to me, keep me in mind
And you know that I'm so true, for you
There's nothin' I won't sacrifice

Ever since you got me undone
I ain't been the same
Been right before
But I can't be afraid

Of love
Of love
Of love
Of love

Lay here, silent
Learnin' to speak with our eyes
'Cause I'm tellin' you no words, I know
Can explain this feelin' inside, mmh

Ever since you got me undone
I ain't been the same
Been right before
But I can't be afraid

Of love
Of love
Of love
Of love
