

# Never Been

Anthony Russo

What is it you want, is it me at your door  
While the storm and the lightnin'  
Tell me what you want, is it me on my knee  
With the ring and a diamond, yeah yeah

All this time I made you wait  
You know why I am this way  
I can't lie, it's hard for me  
Yeah, yeah yeah

'Cause I ain't never been in love, oh oh  
And that's exactly what you want, oh-oh-oh-oh-oh  
So walk me through this  
'Cause I don't do this  
I'm just learnin' as I go  
'Cause I ain't never been in love, oh

When it's all said and done  
Can I trust you'll be right here  
And if I say something wrong  
Let me know 'cause I'm right here

All this time I made you wait  
You know why I am this way  
I can't lie, it's hard for me  
Yeah, yeah yeah

'Cause I ain't never been in love, oh oh  
And that's exactly what you want, oh-oh-oh-oh-oh  
So walk me through this  
'Cause I don't do this  
I'm just learnin' as I go  
'Cause I ain't never been in love, oh

Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'  
Slow slow slow slow breathin', breathin'

'Cause I ain't never been in love, oh oh  
And that's exactly what you want, oh-oh-oh-oh-oh  
So walk me through this  
'Cause I don't do this  
I'm just learnin' as I go  
'Cause I ain't never been in love, oh  
'Cause I ain't never been in love
