

# Wanted Man

Anthony Russo

Ou  
Aye  
Ou aye

She high profile  
Style so wild  
Born in the 90's  
But she a 50's soul child  
Her past a lil crazy  
Her exes fucking hate me  
I knew it would be risky  
But it's thrillin' when she with me  
And I don't usually do this  
I been focused on the music  
My flow is therapeutic  
For me and those who use it  
But that pussy my might be nicer  
I mean nicer than my new shit  
You rock the boat rock the boat  
Let me hop up on your cruise ship  
I could write 'bout you for hours  
Get high with you for hours  
Imma go get mine  
Could turn into Imma go get ours  
Running up the water bill ya  
The way we use the shower  
Steam coming out the bathroom  
Screams coming out the bathroom

It's not hard to understand  
Having you makes me a wanted man  
If they try and come for us  
Promise that you'll run for it

There's a price on my head for having you in my bed  
There's a price on my head for having you bed  
I would rather be the wanted man  
Then have you in someone else's hands

Fuck it, aye  
Let's just do our thing and cause a ruckus, damn  
Chasing for that thrill I know you love it (Oh oh)  
This won't end up well  
But tell me when it ever does  
There's a price on my head  
I'm not thinkin' bout it no  
I'm living life no regrets  
So go ahead and shoot me down  
See you're the one I chose so tell me if your down  
Then it's down and we go

It's not hard to understand  
Having you makes me a wanted man  
If they try and come for us  
Promise that you'll run for it
