It's not fair that I hate people
I just feel better when they're not around
Its not that I hate your world
Keep pushing me and
I'll stand my ground
It's not fair that I hate you,
You'd have to kill me to take me down
Push me again
Push me A-GAIN!
Find satisfaction on the island where I live 'Cause Zombies only take
They don't have any life to give
It's never been, will never be a picnic
So step right up and pull your f*ckin
reign again Slackety-slack, lack of inspiration
Be the voice of a new generation
This is me Past the point of caring
This is me
Push me but I wont go
Down Down Down Down
I don't need a license

I know the drill
I hope you have a happy
A happy f*ckin' day
La-La-La-muse yourself
I wont get in the wayI just can't stand your apethetic motion
As if you care showing your devotion
Kicking and screaming,
Kicking that 'till I meant it,
If I was dead I couldnt be more over it
This is me
Past the point of caring
This is me
Push me but I wont go
Down Down Down Down
I don't need a license
I know the drill
Question my silence
Outlast it will
Outlast it
We'll Outlast it
I dont need a license
I know the drill
Question my silence Outlast it will
x2 Outlast it
Outlast it
Outlast it!
