

To Hell With Boredom

Anti-Flag

Drive the cop out of your head
No one cares until you're dead
The old world is behind you comrade
No one cares until you're dead
Happiness is hating your landlord
No one cares until you're dead

Freedom is the crime that contains all crime
Liberty is living without dead time

Whoa oh
To hell with boredom
Whoa oh
To hell with spectacle

With boundary
With ennui
With monotony
To hell with apathy
Whoa oh

Drive the cop out of your head
No one cares until you're dead
The old world is behind you comrade
