

Disposable Generation

Antidote

Like a puppet without a choice
Drilled for the future working force
Exploited for your capacities
What you possess is what they need

They plug you in and throw you out
They fill you up and they squeeze you out
If you obey we'll make you rich
If you refuse you will be ditched

But what if we don't want to walk that way?
What about what we have to say?
What about our creativity?
No one is unique in this life we are forced to lead!
