

This Is Me

Antidote

See a mohawk or a shaved head
You look away scared to death
Big black boots not classy ties
We don't wanna look that nice

Punks and skins a big disgrace
You think you see a criminal's face
Smelly scumbags on the dole
We're not gonna fit in your role

Anti-social and irresponsible
A way of life which is undesirable
Fuck them and their prejudice
They don't know what real freedom is

This is me this is what I say
And I won't look the other way
