Randomize the Algorithm

Antigama

I am random act
I am by the way
scummed by the days
and stunned by the nights
unintelligible but irreplaceable

I am a spark
I am a shadow
like the letters
blurred by the rain

like a word from
the language unknown
I am the storm
I am the frost

seeing what will be
knowing what i won't achieve
I am defeated before the fight
seeing what will be

I am random act
I am by the way
scummed by the days
and stunned by the nights

I am a spark
I am the shadow
like the letters
blurred by the rain

unintelligible but irreplaceable
