

## Sentenced to the Void

Antigama

Blinded by hate  
I need help  
blinded by solitude  
sentenced to the void

blinded by hate  
you need help  
blinded by solitude  
sentenced to the void

you lie to yourself  
you always have a choice

blinded by hate  
you need help  
blinded by solitude  
sentenced to the void

you lie to yourself  
you always have a choice  
you understood nothing  
but enjoyed watching

you lie to yourself  
you always have a choice
