

Something About You

Antique

There is something about you baby
And I know, know you are the only one

I couldn't feel so strange
You and me in love
It might feel so good
'Cause I heard that baby
They 're talking about you
I 've been waiting for someone like you

There is something about you baby
And I know, know you are the only
Touch me once, I love you twice
And I know, know you are the only one

You, you are the special guy
That I can't get off my mind
You could be the one
'Cause I heard that baby
They 're talking about you
I 've been waiting for someone like you

There is something about you baby

And I know, know you are the only
Touch me once, I love you twice
And I know, know you are the only one

You are the only one

'Cause I heard that baby
They 're talking about you
I 've been waiting for someone like you

Something about you baby,
Something about you, oh yeah

There is something about you baby
And I know, know you are the only
Touch me once, I love you twice
And I know, know, oh know

There is something about you baby
And I know, know you are the only
Touch me once, I love you twice
And I know, know you are the only one
